BILLIONS® BLR-895 Titanium Dioxide

Product Description

BILLIONS® BLR-895 pigment is a coatings grade titanium dioxide pigment, manufactured by the chloride process. It is recommended for a range of coatings applications.

BILLIONS® BLR-895 pigment has outstanding dispersion performance, dispersing quickly and easily. It also has excellent opacity and gloss, and delivers a brilliant whiteness with a clean blue tone. With its carefully selected inorganic surface coating, BILLIONS® BLR-895 pigment provides a high level of weatherability, making it flexible across both interior and exterior applications.

Features

- Good dispersability
- Good durability
- Superior weather resistance
- High opacity
- Brilliant whiteness with clean blue tone

Applications: Highly Recommended

- Interior architectural coatings
- Exterior architectural coatings
- Industrial coatings

Applications
